

What is Dove Fresh Start Catering?

A fresh start is what we're hoping for the participants in the catering project at Dove.

Dove staff members work in all programs to teach practical skills, helping persons move toward increased self-sufficiency.

This project employs individuals who are under-employed or not presently employed and are receiving services from our programs. This part time job will allow them to gain marketable skills and to spend up to six months training for more permanent employment.

In addition to feeding the residents of the domestic violence shelter, the Dove Fresh Start Catering serves 3 meals a day, 7 days a week to residents at Heritage Behavioral Health Center.

A staff of three cooks work to train participants. The participant's next step will be to secure permanent employment.

Dove Fresh Start Catering features delicious home-style cooking. We are ready to assist you with your catering needs.
